AUTODIV

Autodiv is a cutting-edge web-based software designed exclusively for driving schools. Our platform empowers driving schools to efficiently manage their operations, streamline candidate information, and boost their revenue.With Autodiv, you can take control of your driving school's scheduling, income tracking, and candidate management like never before.

Key Features:

Candidate Management: Easily manage candidate information, progress, and scheduling.
Access a centralized database of student records for quick reference.

Scheduling Made Simple: Create and manage lesson schedules effortlessly.
Avoid double bookings and schedule conflicts with our intuitive calendar.

Income Tracking: Keep a real-time record of your school's income and financial transactions.
Generate financial reports and gain insights into your revenue streams.

User-Friendly Interface: Our user-friendly design ensures that you can navigate the platform with ease.
Minimal learning curve for both staff and instructors.

Data-Driven Insights: Gain valuable insights into your school's performance with data analytics.
Use these insights to make informed decisions and improve efficiency.

Benefits:

Save Time: Automate routine tasks, such as scheduling and record-keeping,
to free up your staff's time for more meaningful interactions with students.

Increase Revenue: Optimize your income by tracking payments and identifying revenue opportunities.

Enhance Customer Experience: Provide a seamless experience for your candidates,
from registration to graduation.

Streamline Operations: Centralize data and workflows, reducing errors and improving school efficiency.

Stay Competitive: Keep up with industry trends and stay ahead of the competition
by utilizing modern technology.
